SERVICES • MOTIVATION • PARTNERSHIP

Here at SMP, we have been committed to provide high-quality and efficient solutions for challenges in IT, banking and security technology for more than 30 years, as a one-stop-shop provider starting from distribution and system integration through operation and maintenance.

Our goal is to offer our customers with complex, best-of-breed solutions to help them fulfill their business requirements, beginning from assessment through implementation until operational services.

Our approach is to deliver the solutions of the world-wide leading manufacturers to our customers, combined with our company's reliable and professional presence by providing ongoing support and supervision.

What is the secret of our success? There is no secret. We enjoy our work and we are proud of what we have achieved so far. Each and every day we pursuit new challenges, innovative solutions and opportunities for further development, to always be one notch better than yesterday.
